Discount:	30%
Available:	ready for shipping
Price:	2.861,03 € (nett:2.404,23 €)

Product description

This set of 19" winter wheels, designated as the "Cayman S" style, is specifically designed for the Porsche Boxster and Cayman models under the 981 series. The set includes two sizes of rims: the front rims are 8J x 19 ET57 and the rear rims are 9.5J x 19 ET45, ensuring a perfect fit and balanced aesthetics for these specific models.

Included in this set are brand new Continental WinterContact TS 830P winter tires, with dimensions 235/40 R19 for the front and 265/40 R19 for the rear. These tires are renowned for their excellent performance in winter conditions, providing superior grip and handling on cold, icy, or snowy roads. The tires are factory new, indicating zero kilometers on them, which ensures maximum tread life and performance.

It is important to note that this wheel set does not come with TPMS (Tire Pressure Monitoring System) sensors. Users will need to either transfer their existing sensors or purchase new ones separately if required.

The OEM number for this set is 98104460037, confirming its authenticity as a genuine Porsche part, specifically designed for compatibility with the Porsche Boxster and Cayman 981 models. The condition of the wheels is listed as used; however, they are described as being in near-new condition with very low mileage and possibly minimal signs of wear or storage marks.

This wheel set is an excellent choice for Porsche 981 Boxster and Cayman owners looking to equip their vehicle with reliable, high-quality winter tires mounted on stylish and genuine rims, ensuring both safety and conformity with the vehicle's high standards during the winter season.

Technical specifications

Front rims:	Article number: 9813621400388Z	
	Quantity: 2	
	Rim width: 8J	
	Rim diameter (inch): 19"
