Discount:	35%
Available:	ready for shipping
Price:	3.757,29 € (nett:3.157,39 €)

Product description

This set of 20" Carrera S III summer wheels is specially designed for the Porsche 911 model 991.1 C4/4S/GTS, ideal for vehicles with all-wheel drive before the facelift. The combination of high-quality rims and brand-new Pirelli P Zero summer tyres guarantees optimum performance and safety on the road. The rim sizes are 8.5J x 20 ET51 at the front and 11J x 20 ET52 at the rear, ensuring a perfect fit and excellent driving characteristics.

The tyres are 245/35 ZR20 for the front axle and 305/30 ZR20 for the rear axle, providing excellent grip and stability when cornering. In addition, the wheels are equipped with TPMS sensors that continuously monitor tyre pressure, ensuring increased driving safety.

The OEM numbers for these wheels are 99104460272 and 99104460222, confirming their authenticity and compatibility with the specified vehicle model. Although the rims are marked as used, they are in mint condition with very low mileage and minimal signs of use or storage. The tyres are brand new, meaning they have no mileage and come directly from the factory. This set is not only an excellent choice for renewing the summer tyres on your Porsche 911 991.1, but also an investment in quality and safety that can significantly improve the driving comfort and performance of your vehicle.
