Product description

This set of 21" RS Spyder summer wheels for the Porsche Cayenne E3/9Y0 I (pre-facelift, built between 2018 and 2023) is an excellent choice for drivers looking for both style and performance. The wheels are not suitable for the Cayenne Coupé. The rims in sizes 9.5J x 21 ET46 and 11.0J x 21 ET58 feature a black satin finish that gives your vehicle a striking and elegant look.

Equipped with brand new Pirelli P Zero summer tyres in sizes 285/40 R21 and 315/35 R21, these wheels offer outstanding driving characteristics and optimum grip on both dry and wet roads. The tyres are known for their excellent performance and durability, making them the ideal choice for high-performance vehicles.

In addition, the wheels are equipped with TPMS (tyre pressure monitoring system) sensors that constantly monitor the pressure in the tyres, ensuring increased driving safety. The OEM number for this wheel set is 9Y0044671H JE1, which confirms the authenticity and high quality of these original Porsche parts. The rims and tyres are new or like new, which means that the rims have very low mileage and may show minimal signs of use or storage, while the tyres are brand new. This high-quality wheel set is an excellent investment for your Porsche Cayenne, not only improving its aesthetics but also taking the performance and safety of your vehicle to a new level.
